STEP 1
Mid FEB
& Late MAR

For up to 4 months of Crabgrass control or suppression of listed annual grasses and broadleaf weeds in ornamental landscape areas, established lawns and ornamental turf, including golf course fairways, roughs and tee boxes.

STEP 2
Late APR
Early MAY

Provides excellent post-emergent broadleaf weed control on cool and warm season grasses. Contains three weed killers to stop Dandelions, Spurge, Dollar Weed, Wild Onion, Chickweed, Clover and over 200 broadleaf weeds, many of which are listed on the label.

STEP 3
APR - MAY

For use on lawns and around buildings. Controls White Grub larvae (such as Japanese Beetle larvae, Chafer, Asiatic Garden Beetle, Oriental Beetle) and other listed pests. Helps protect your home from invading Ants, except Carpenter, Red Imported Fire Ant and Pharaoh Ants

STEP 4
JUN - AUG

A granular product containing Eagle® fungicide that provides a systemic protectant and curative fungicide to control turfgrass diseases in established lawns.

STEP 5
SEP - OCT

Designed to help grass seed and sod develop roots and mature stems before rapid growth begins. Helps sod to establish. Can be applied with grass seed or immediately after seed is sown. A must for new lawns.

STEP 6
NOV - DEC

Fall feeding is one of the most critical feeding times. A healthy and stable plant can endure the hardship of winter better than a weak plant. Winterizer builds winter hardiness, stem strength and disease resistance in Lawns, Trees and Shrubs.
